The minimalist and discreet design of the ENZO is convincing and skilfully sets the scene for your interior design. Pendant luminaires are ideal for optimally illuminating certain areas. Whether in the kitchen or in the living area, the modern luminaire is versatile and can be combined well with different furnishing styles. The round pendant luminaire works wonderfully above a round dining table or several luminaires placed in a row above an oblong dining table or kitchen counter. ☒ The pendant luminaire is designed in the colour white matt and can stylishly complement modern colour concepts. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
