Via a cord switch, the lamp can be conveniently switched on and off on the bedside table or on a chest of drawers. The modern mix of natural rattan weave and black matt metal makes the lamp an eye-catcher in your living area and blends easily into your interior style. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%.
